

Datasheet for 200-106-232

Acetyl Cholinesterase Antibody Biotin Conjugated

Overview

Description:	Anti-Acetylcholinesterase (Bovine Erythrocytes) (GOAT) Antibody Biotin Conjugated (BULK ORDER) - 200-106-232
Item No.:	200-106-232
Size:	10 mg
Applications:	WB
Reactivity:	Bovine
Host Species:	Goat

Product Details

Background:	Acetyl Cholinesterase is abundantly expressed in erythrocytes and is part of the type-B carboxylesterase/lipase family. Anti-Acetyl Cholinesterase cancels signal transduction at the neuromuscular junction via hydrolysis of acetylcholine as it is released into the synaptic cleft by the motor neurons. Anti-Acetyl Cholinesterase antibody is ideal for investigators involved in Neuroscience and Neurotransmitter research.
Synonyms:	goat anti-Acetyl Cholinesterase Antibody, biotin conjugated goat anti-Acetyl Cholinesterase Antibody, Acetylcholinesterase, AChE
Host Species:	Goat
Conjugate:	Biotin
Clonality:	Polyclonal
Format:	IgG

Target Details

Gene Name:	ACHE
Reactivity:	Bovine
Immunogen Type:	Native Protein
Immunogen:	Acetyl Cholinesterase [Bovine Erythrocytes]

Purity/Specificity: Acetyl Cholinesterase is an IgG fraction antibody purified from monospecific antiserum by a multi-step process which includes delipidation, salt fractionation and ion exchange chromatography followed by extensive dialysis against the buffer stated above. Assay by immunoelectrophoresis resulted in a single precipitin arc against anti-Biotin, anti-Goat Serum as well as purified and partially purified Acetyl Cholinesterase [Bovine Erythrocytes]. Cross reactivity against Acetyl Cholinesterase from other sources is unknown.

Application Details

Tested Applications: WB

Application Note: Anti-Acetyl Cholinesterase Biotin Conjugated Antibody has been tested by western blot and is suitable to be assayed against 1.0 µg of Acetyl Cholinesterase in a standard capture ELISA using Peroxidase Conjugated Streptavidin #S000-03 and ABTS (2,2'-azino-bis-[3-ethylbenzothiazoline-6-sulfonic acid]) code # ABTS-100 as a substrate for 30 minutes at room temperature. A working dilution of 1:1,000 to 1:2,000 is suggested for this product.

Assay Dilutions: All assays should be optimized by the user. Recommended dilutions (if any) may be listed below.

ELISA: 1:5,000 - 1:20,000

IP: 1:100

WB: 1:500 - 1:5,000

Formulation

Physical State: Lyophilized

Concentration: 10.0 mg/mL by UV absorbance at 280 nm

Buffer: 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2

Preservative: 0.01% (w/v) Sodium Azide

Stabilizer: 10 mg/mL Bovine Serum Albumin (BSA) - Immunoglobulin and Protease free

Reconstitution Volume: 1.0 mL

Reconstitution Buffer: Restore with deionized water (or equivalent)

Shipping & Handling

Shipping Condition:	Ambient
Storage Condition:	Store vial at 4° C prior to restoration. For extended storage aliquot contents and freeze at -20° C or below. Avoid cycles of freezing and thawing. Centrifuge product if not completely clear after standing at room temperature. This product is stable for several weeks at 4° C as an undiluted liquid. Dilute only prior to immediate use.
Expiration:	Expiration date is one (1) year from date of receipt.

Disclaimer

This product is for research use only and is not intended for therapeutic or diagnostic applications. Please contact a technical service representative for more information. All products of animal origin manufactured by Rockland Immunochemicals are derived from starting materials of North American origin. Collection was performed in United States Department of Agriculture (USDA) inspected facilities and all materials have been inspected and certified to be free of disease and suitable for exportation. All properties listed are typical characteristics and are not specifications. All suggestions and data are offered in good faith but without guarantee as conditions and methods of use of our products are beyond our control. All claims must be made within 30 days following the date of delivery. The prospective user must determine the suitability of our materials before adopting them on a commercial scale.
